BEYOND returns to Athens from 17 to 19 June 2026

BEYOND 2026 is coming back stronger than ever! The 6th edition of Southeastern Europe's leading international exhibition for technology and innovation will take place for the second consecutive year in Athens, from 17 to 19 June 2026 at Metropolitan Expo, reaffirming its position as the premier meeting point for the future of technology and innovation.

Following the exceptionally successful 2025 edition in Athens one that exceeded all expectations and set records in participation and international partnerships BEYOND returns with even greater ambitions and a renewed exhibition and conference agenda. BEYOND 2026 will showcase the technologies shaping tomorrow: Artificial Intelligence, Cybersecurity, Sustainable solutions for SMEs and large enterprises, Digital Governance, Smart Cities, ESG applications, and pioneering Startups.

The exhibition aims to attract leading decision-makers, business leaders, institutions, the academic community, and international trade missions from across the globe.

BEYOND 2026 merges knowledge, technology, and entrepreneurship, evolving into a global hub for digital transformation and sustainable development.

Don't just be a spectator. Be the next game changer.
